This Sunday, music-and-arts collective [Babel](#) hosted Dimanche — or Sunday, in French — a chill(y) affair atop the Bowery Hotel. DJs Francesca Lombardo (Crosstown Rebels) and Mike Koury (All Day I Dream) established the ambient vibe, as many attendees fashioned clothes themed around fireplace chic: silk robes, tweed and the like.

With the hotel's inside bar and rooftop packed to capacity, partygoers took comfort in this novel way to usher the sunny afternoon into night.
